Basic Luoshu of 5 Earth

Luoshu February 2009

To give you a swift idea of what this seminar will do for you

This class may require some clarification. Let me first set out what this class is not about. This is our *permanent specialization seminar into the full art of 9 Star Divination*, by that not linked to just forecastings for the 'upcoming year' in particular, which means it is not one of those seminars where you sit in and passively hear predictions of news events done for the forthcoming year. Rather, you will be learning full fledged 9 Ki forecasting by all of its facets.

That said, this seminar will thus be actually your one-stop chance to learn all ins and outs pertaining **9 Star divination principles to perform on your own**, as we specifically designed the seminar to offer all forecasting techniques, none withheld, very much in our known 'no delay' style of teaching.

It goes without saying that your seminar comes with a solid manual, including several years written out on account of month by month forecasting of news events as well as describing your personal 9-year journey through the Luoshu. Of course, our academic approach ensures that each month described by itself contains not just predictions, but even more specific and revealing teaching. You'll be taking home a work of reference.

Technique covered will be therefore massive, both during live class as further extended in your workbook. Even the workbook itself is a brilliant piece. We will have you work from theories and subtleties into fate reading and understanding 9 Stars and Luoshu that you haven't encountered or imagined, even as a seasoned and well established practitioner.

Feng Shui practitioners and other health and fate professionals should attend.

The sole idea behind the set up of this seminar is to get you ready to perform fully independently on account of 9 Star Divination of personal and global events in just 4 days time. You'll be soon doing forecastings of your own, be that for yourself or added to your existing curriculum for your clients.

There is a sample further down that we did for 7 Metal people a while back that we hope you'll enjoy reading.

Email us if you like to hear where this class will be taking you.

You may well call Heluo during afternoon times (GMT+1).

FREE ON LINE COURSE

If you have not acquainted yourself with 9 Ki Divination, you may go on our website and enjoy a free discourse enabling you to perform on account of forecasting personal and news events without the immediate help of a teacher.

Importantly, 9 Ki forecasting is not a matter of alternatively diving into 9 Stars and Luoshu 'head first', then 'see what happens'. Rather, what is so splendid about 9 Ki is, there is a back and forth relationship between images shown in your news paper and the Stars involved, while you can of course take any Luoshu Star configuration and know the belonging events, past, present and future. You will be reading into any Luoshu using technical protocol, ensuring you will see 9 Ki significance in any event, be that personal or news events.

This class alone will give you the full protocol and show you 9 Stars and Luoshu by their true face.

New Luoshu protocol

Most professionals still apply 9 Ki by fairly rusty standards which would require rather fundamental polishing. If we call this 'old fashioned' 9 Ki, such be **long**

surpassed by new techniques and insights.

Once you engage into personal fate reading, you would like to see 8 out of 10 people confirm your observations, rather than just a handful. It is no different with your news forecastings which you would need be accurate.

Well, in order to at all acquire profundity you need to know the latest insights. As an example, most of what has always been generally practised on account of Five Transformations compatibility and directionology has been rendered invalid, so that, at no point will you see us teach that the 'controlling cycle' between elements would have to result in negative outcome.

What to expect and why should you join in?

Why should Feng Shui practitioners and professionals involved in health and fate take this seminar?

Further down we'll give you a sample reading concerning some of the suggestions we gave our 7 Metal students for the year 2006. Although most of them well trained in 9 Stars through their Feng Shui practice, initially none of them had a clue, some had therefore initially parked the ideas (as perhaps rather not likely to happen), most of them confirmed later on in the year.

If you have no idea how to get to the crux of our sample reading, you'll have all the more fun joining us and you'll be happy you took the trip. We will be actually covering all that is needed for you to be able to perform on your own.

Learn the art of divination of personal and global events

- Your life progression unveiled. How to follow and make sense of your personal 9 year journey through the Luoshu and how to approach your monthly and daily Luoshu path. You'll be no longer running after the facts.
- Suppose you feel your life progression has by far not been going in line with general 9 Star projections, why exactly is that and is there anything you can do in order to regain momentum in your life.
- You will be shown one after the other hidden Luoshu treasure for further joy and accuracy, techniques not known elsewhere, but indispensable and shared handsomely. This will be your life changing experience into time, action, life progression and destiny change.
- While we're at it, you may harvest a completely new vision on the origin of Five Transformations, cosmo-physiologic motivation, human behavior and temperament, helping you to transparently look right through apparent 'reality', either coming to you through tangible or intangible events, or any social interaction whatsoever.
- Is 9 Ki conventional astrology or member of Internal Chinese Medicine.
- Learn blood 'n' bones of how and why: "Organs produce emotions" and "Whatever lies innate, must externalize".
- How to 'translate Stars into events and events into Stars' and learn the long string of attributes and functions assigned each Star.
- You will be able to foresee tendencies - past, present, future.
- How to approach news events. What are the exact 'rules' for prediction - one by one - and can you forecast news before it happens, understand news as it happens, interpret global events. It is written all over Luoshu.
- Just only imagine this: you'll be digesting the same news as all of your neighbors, only to you your television and news paper will have become like a moving Luoshu. You'll be the one knowing for a fact that the coal mine blast was caused by armed attack, rather than what was claimed by the news channel - and your neighbor still swallows - that the explosion was caused by electrical short circuit. You'll know better and only this already is great fun (and so simple), especially if you were able to tell people straight away and then later the same news channel announces that it **was in fact** an armed attack. Anyway, to you, the whole soap-opera now appears all obvious from just your Luoshu, you will not be lied to or deceived anymore.
- You will learn exactly how 9 Ki forecasting is done, so that you can go ahead perform on your own from thereon.
- What are the year by year, month by month, day by day **opportunities** and **'things to avoid'** for each personal Star and how to implement this privately and as a professional.
- We'll be looking into both your personal outlook for the current year and we will focus on to be expected news events.
- Learn how not to run after the facts but from hereon anticipate on both opportunities and setbacks, both privately and professionally. Learn to handle your recurring patterns.
- We therefore invite anyone in class, but in case you have been a professional or teaching any of the Qi studies or you have been working in a highly charged career, involved already in teaching, consulting, coaching or any decision making on behalf of yourself or others, we may most specifically ask you to join this class. You will be able to **immediately add the materials to your existing curriculum** to the benefit of your clients and students. That's **what this seminar** and **all our classes** aim for: we need our students to be **autonomous without delay**.
- In designing this seminar, we made sure you'll return home with materials and a pearl of a (210 pages solid) manual that will catapult you into years and years of authentic skill. You will have gained complete command over the system and be able to perform on advanced and professional level.

READ OUR SAMPLE READING FURTHER DOWN, YOU'LL BE ABLE TO PERFORM LIKEWISE.

Examples of technique

This is where 9 Ki will take you

Sooner or later you will be looking at an image like the one here in your news paper.

You neighbor finds same and he thinks he is seeing a car in a ditch.

What do you see?

Don't worry, you'll still see just a car in a ditch.

However, by 9 Ki protocol proposed here, you - not your neighbor - will link the vehicle to Star 6, the ditch to Star 1.

Meaning, you'll soon find that the image is all over this Luoshu.

9 ⁵	5 ¹	7 ³
8 ⁴	1 ⁶	3 ⁸
4 ⁹	6 ²	2 ⁷

Can 9 Ki trace back missing people

Yes, often it can and it is in fact fairly easy. You'll need Luoshu for the event, the person's Star and the rest will fall in place, even how the abduction took place, by whom and where the person was taken. 9 Ki is stunning.

Announced assault

Suppose you are being called up by the cities' mayor whom knows you are a 9 Ki adept.

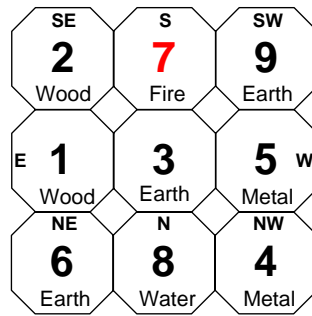

Someone had just called to announce an assault, but he hung up without giving details.

3 ⁵	8 ¹	1 ³
2 ⁴	4 ⁶	6 ⁸
7 ⁹	9 ²	5 ⁷

Looking at this Luoshu, can you tell the mayor where (not) to send his people to prevent the attack? Yes, in fact you'll know in a matter of seconds, it is right there.

Sample reading we did for 7 Metal people for the year 2006

Anything following here will be just readily available from within Luoshu itself once you know how to read the Stars and build the story.

Reading 9 Stars and Luoshu is just a matter of following correct protocol. Once you follow this protocol, Luoshu will open up like a book.

Here is the annual Luoshu for the year 2006.

Star 7 Metal arrives at the 9 Fire Palace.

Before you read on, can you first reflect on what you think would be the reading generally given for 7 Metal clients for a 3 Wood year, and can you then figure out what prompted our reading?

- It will be an extroverted time, new perspectives, gaining authority in whatever you pursuit, be that as a parent, a student or as a professional.
- You will be much spiritualizing this year, meaning, you will enjoy a sharpened ability to take the mundane to a higher level. While making sure you stay well grounded, this is your chance to have a peak deeper into 'reality', gaining new metaphysical insights.
- It is an active time, but with a simultaneous pull between external and internal. You will be doing 'all at once', but you'll manage.

Then, pending context, gender, vocation, 7 Metal natives may typically experience one or several of the following:

- a. If you are a student or a teacher, you will be likely moving away from the homestead to engage in either active teaching, doing lectures or you may be going out to gather new knowledge through studies.
- b. You will be drawn away from your home due to your mother or grandmother - or any other lady for that matter - requesting your regular presence. Anyway, some lady person will be much depending on you, such that you will find your projected year schedule interfered with.
- c. You may be loosing or investing money due to your house, events surrounding (new or existing) property.
- d. If employed, you will be dispatched. In any case, you will be moving in and out of your base building, be that your home or your working place.
- e. You may permanently move address, or you may be sent to work in an entirely new environment, may be even abroad. You may be traveling on account of someone's health.
- f. While the year will be overall active, extroverted and successful, at the same time you may notice old emotional patterns be surfacing. Any physical, mental or spiritual matter - like unsolved issues from your childhood - may require your attention. It may not keep you from performing, but you may not ignore it and attend to it in the privacy of your home, relationship. Things may be pulled to the surface, that you would not appreciate the public to know, but be careful, anything you wished to keep hidden may come out documented.
- g. This year will come with money-making-connnotations. You'll have a better than usual ability to create and handle money, may be gaining property and other assets. You may be inclined also to be rather altruistic, lend out money or spill money into charity.
- h. You may find yourself dealing with someone's health and you cannot be sure about the prospects. Can go either way.
- i. Strange perhaps to tell you, but if you are a mother, one of your children may be moving away from home, while (simultaneously) a guy may be moving in. Or one of your children may be proclaiming independence and there is not much you can do about it.
- j. In any and all of this, and even you perhaps not being aware of it, you may be enjoying the presence of an ally, a person or a situation coming to your aid, but likely undetectable as support sometimes comes indirect or unintended, like in seeing an image, hearing a remark.
- k. The year 2006 will introduce you to new horizons concerning your authority, reputation, being ambitious and self-motivated.
- l. Not only may you change diet and food intake, you may find yourself discovering new diets, new ways of sustaining health and your natural 7 Metal shyness seems to have vanished.
- m. The year may have you move to or spend time in any 'homogeneous community' handled by a central kitchen, be that a hospital, a hotel, a prison, a temple.

SINCE THIS READING CONCERNS 2006, YOU CAN EASILY VERIFY THIS. MOREOVER, YOU WILL BE SOON DOING READINGS LIKE THIS YOURSELF.
